10.25.1 Roll Call and Welcome

Present: KA; TP; GK; PV, BJ

KA welcomed everyone to the meeting.

10.25.1.1 Guests

Ellis Jacobs (EJ) for ED; Janine Grant (JG) KA welcomed guests to the meeting.

10.25.2 Finalization of Agenda

No additional items

10.25.3 Approval of Minutes, Committee Meeting, Istanbul, June 2014

Minutes have been circulated. No changes, can be accepted as written.

10.25.3.1 Review Action Items - completed/pending

Action: KA to update EB slide presentation.

Status: Completed

Action: CPD EC to provide feedback on presentation

Action: KA and ED to meet with Peter Wilding to discuss. Status: Completed/PW expressed interest in forming a WG

KA met with PW in Chicago. GB not so enthused. KA to take up with new EB (TF History of IFCC)

Action: KA to discuss with new EB in 2015

Action: KA to circulate details of AACC meeting.

Status: Completed

Unofficial meeting held at AACC, will be regular event annually.

Action: KA to contact GB re CCLM's claim on the website re. IFCC documents

Status: Completed

Recent review of website revealed no longer an issue.

Action: KA to write back and ask for formal agreement with Insoft for signing.

Status: Completed

Contract now finalised. PV feels is a good contract. PV/JG to be main contacts. Invoice has been paid.

Action: Insoft to provide quarterly report on hours used.

Action: KA to contact EB and recommend renewal of GK's term as a CPD-EC member and as

eJIFCC editor.

Status: Completed

Action: ED or KA to contact EFLM to nominate new representative to C-PR

Status: Completed. Maria Stella Graziani nominated as EFLM Representative

Action: ED to send suggested changes (tracked) to CPD EC for review.

Status: The IFCC brochure has been updated by Silvia and ED, sent to C-PR members for comments. Other than the historical background there were little changes. Silvia had provided a 1st draft of the brochure that could be discussed in Adelaide.

Action: ED to update Lab Medicine slide kit with Mike Hallworth data

Status: To be completed. ED has talked to MH and is waiting for his input he has prepared a set of slides (1st draft) that he will send MH.

The Slide kit on IFCC has been updated with the help of Silvia with forthcoming EB names. It is pending until the new EB provides objectives & other information.

Action: ED or EJ to raise concerns of CPD EC at next LAV meeting.

Status: Little action on this front. EJ (& ED) expressed concerns on the low profile of LAV in a diplomatic way at the July 3rd Phone meeting. No news since then on their side. A Telephone Board meeting is scheduled for November 12th, which ED will attend.

Action: ED or EJ to write to National Representatives asking that they promote LAV locally.

Status: Letter yet to come. Because of the low level of feedback from LAV and repetitive problems with the access to the website, it is not easy to promote internally or at national levels.

Action: ED to develop a implementation Action Plan for LAV within IFCC.

Status: To be completed. ED has contacted both Maurizio Ferrari (as Chair of the EMD) and lan Watson (as Chair of the SD) to see if there are documents produced by their respective Divisions that could serve as material for PR purposes (PPT presentations and possibly postings on the LAV website or blogs)

Action: PV to ask for new quote from Insoft for the eAcademy.

Status: Completed

Action: PV to arrange meeting between SK, CM and CPD EC in Adelaide.

Status: Was not able to arrange a meeting.

Action: GK to follow up with Evelyn Koay re membership of Board.

Status: Completed

Action: GK to send requirements to PV and KA.

Status: Completed

Action: GK to contact Ian Young asking for an issue based on SD activities

Status: Completed

Action: KA, GK to discuss with Maria and Rosa.

Status: Completed. GK to follow up re COLABIOCLI issue. KA raised issue of English as

official language of IFCC. Could run a dual language issue?

Action: GK/SCL to send files to TP/KA for conversion to XML.

Status: On the agenda below. Doing it ourselves is not an option however commercial

vendor in India may be an option. Only willing to pay if PubMed accept XML files. This OK by

vendor.

Action: GK to check that IFCC will cover liability by end of September.

Status: Completed. GK wrote to GB. Discussed with EB and answer was IFCC could not

cover as cost would be too expensive. IFCC will support if a contributor is sued.

Action: TP to trial XML conversion using Adobe Acrobat to convert PDF to XML.

Status: Completed. Covered below.

Action: TP/SCL to ask for update articles from divisions

Status: Completed.

Action: TP to invite BJ to next meeting as Corporate Rep. **Status: Completed: Bruce has confirmed he is attending**

Action: TP to work with GK to put together an IFCC guidelines document on scientific publications

for review by the CPD.

Status: Completed. To be discussed in report.

Action: JG to move eJIFCC etc. up the list of partners to the top and others below.

Status: Completed. Change eNewsletter to eNews.

Action: SCL to advertise as welcome in eJIFCC and eNews.

Action: SCL to advertise how to subscribe to publications.

Status: Completed

Action: SCL to provide copy of eNews to WG-IANT to translate.

Status: Completed

Action: JS and SCL to add new events to the website.

Status: Completed & ongoing. New calendar page to be released.

Action: Check whether a CPD symposium or workshop can be arranged during the COLABIOCLI

meeting in Quito, Ecuador.

Status: Completed. EB also meeting there. KA submitted two choices to Maria to be

discussed with COLABIOCLI.

Action: SCL will continue process of sending out Action Items as a separate document.

10.26. Activity and Annual Reports

10.26.1. Report of the Chair (KA)

State of ePublications is very healthy. Website also receiving good feedback. No complaints for last two years. Now have expanded agreements with Insoft including 50 hours of support per year at cost of €4000.00 invoiced annually. Next agreement to be signed with them is for eAcademy to be released in Paris. Now have agreement with EMD (Leslie Lai) for sharing of costs across Divisions.

LAV activities continue.

WG-IANT chaired by Maria.

Guidelines document developed by Tahir following Istanbul editors meeting.

Upcoming EB meeting. EC to review CPD presentation.

Paris symposium accepted on Impact of Lab Medicine.

Article submitted to Clinical Chemistry and presentation this week at VoP symposium.

If Quito symposium not accepted need to consider if we go to Pecs instead.

CPD budget to be discussed at end of meeting. KA asked if there are there any initiatives which need extra funding?

BJ asked if the Clin Chem paper will be a summary paper of an 'official' report from the Task Force? KA answered yes. Mike Hallworth will also work with GK to produce a themed issue of eJIFCC. What happens next?

Action: KA to discuss with EB but feels could include developing outcome studies of the clinical impact of specific laboratory tests in the clinical setting.

10.26.2. Report of the Vice Chair and Chair Public Relations Committee

10.2.1. Committee-Public Relations (C-PR)

Report received from ED.

10.2.1.1 Membership

The C-PR membership is as follows.

10.2.1.2.1 Labs are Vital Consortium

Labs Are Vital Consortium

There was little activity on the front of the Labs Are Vital Consortium. ED has sent a blog recently but has received no feedback. It was entitled "Reporting of laboratory critical values leads to modification of treatment in over 90% of hospital admitted patients" and inspired by a paper published by Mario Plebani in Clinical Biochemistry.

A telephone Board Meeting is scheduled for November, but ED has not received final confirmation.

EJ provided report including details of activities related to World Pathology Day including photos contest. At this stage 14 photos from Eurasia, 9 from America, 6 from Europe and Africa. LAV emails no longer being sent. EJ to take this back to consortium. LAV needs to be more visible at meetings and needs to move further away from Abbott (e.g. colour scheme of LAV). Abbott still have not released all the IP rights to LAV and are holding back on funding. BJ suggested contacting corporate reps re supporting LAV.

10.26.3. Report of the Secretary and Chair Internet and e- Learning Committee

10.2.2. Committee-Internet and e-Learning (C-leL)

10.2.2.1 Membership

Loralie	Langman	Corresponding Member			USA
Sanjeevi	Rao	Corresponding Member			India

PV requested 2nd terms for Eduardo, Petr and Hideo. CPD EC accepted.

Action: KA to propose to EB after e-mail from PV.

10.2.2.2 Activity Report

The C-IeL continues to work closely with the Committee for Distance Learning and Insoft in developing electronic/distance learning materials and access for IFCC members utilising the 'e-Academy'. PV presented Insoft document to EC. CPD EC agreed with proposed budget. PV to continue negotiations (cc to KA) with Insoft.

The IFCC Linkedin group continues to grow (>2100 members) and we have also set up a company page so that interested individuals can 'follow' the IFCC. The Facebook page is growing at a slower pace but now has >1000 members and >2200 likes. We also have a Twitter account and the Social Media Coordinator continues to tweet about IFCC activities.

10.3. Working Groups

10.3.1 Electronic Journal of the IFCC (WG-EJIFCC)

10.3.1.1 Membership

No change in membership. GK continues to invite guest editors to editorial board. GK invited PV who has accepted.

10.3.1.2 Activity Report

10.3.1.2.1 Volumes of eJIFCC in 2014

The second volume of 2014 was published since the last meeting of the CPD. This themed issue dealt with modern aspects of point of care testing. The guest editor of this issue was Dr. Ellis Jacobs.

The third issue themed on Ethical issues has been published.

Future issues: Mike Hallworth has agreed to an issue related to his TF. Will be issue 1 for 2014. Rita Horvath has agreed to a themed issue on her symposium in Istanbul (due end of March). Plan to put together a COLABIOCLI based themed issue in Spanish (and? English). KA feels should have at least an English abstract of each article. GK feels should have a full English translation of each article (agreed by EC). GK to contact Maria and explain this to her and ask if they can arrange

translation. KA suggested a 'Proceedings of the Quito meeting' themed issue. Biomarkers of Neuropsychiatric Disorders (Sergio Bernardini)? Cardiac Markers (TF-Cardiac Markers Alan Jaffe)? Harmonisation

Action: PV to approach Jill Tate and Garry Myers.

10.3.1.2.2 Joining Committee on Publication Ethics (COPE)

Signing up to COPE shows that eJIFCC intends to follow the highest standards of publication ethics and that will follow the Code of Conduct for Journal Editors. By joining COPE eJIFCC will help support promoting publication ethics. The editor of eJIFCC submitted the application to COPE. eJIFCC was accepted by COPE.

10.3.1.2.3 Indexing eJIFCC in PubMed Central

PubMed Central® (PMC) is a free archive of biomedical and life sciences journal literature at the U.S. National Institutes of Health's National Library of Medicine (NIH/NLM). In keeping with NLM's legislative mandate to collect and preserve the biomedical literature, PMC serves as a digital counterpart to NLM's extensive print journal collection. Based on the decision of the CPD, the editor of eJIFCC (also on behalf of the publisher IFCC) submitted the application to add eJIFCC to PubMed Central. On March 21, 2014 we received a letter from Robert Barrett (contractor, Pubmed Central) indicating the following:

"Your journal is now ready for the second stage: evaluation of your journal data. To get started on vou'll need to review our documentation publishers for http://www.ncbi.nlm.nih.gov/pmc/pub/pubinfo/. The section "Evaluation of Sample Files" details all data sample requirements. PMC of our Read the file specifications at http://www.ncbi.nlm.nih.gov/pmc/pub/filespec/. This page details our XML and image file requirements, and describes how these files must be named and packaged for delivery. We recommend that you use the most recent version of the JATS Journal Publishing DTD (http://jats.nlm.nih.gov/publishing/) for the creation of XML files. If you do not plan to use the JATS DTD, please notify us before you generate your data sample. It is critical that we receive a workable XML sample on the first evaluation of your journal data."

We have an ongoing discussion with 2 firms about XML conversion. The offer of Suntec Digital (India) seems to be acceptable. The decision of CPD is needed for final decision. Price of 1.1 Euros per page. Total cost will be approximately 1000 Euros. Insoft will be able to convert all future articles.

Action: KA would like us to do this ASAP. Invoice to be sent to KA. Payment only if XML files are of acceptable quality.

10.3.1.3 Editorial board meeting of eJIFCC

The meeting of the EB of eJIFCC took place in Istanbul. The next meeting is scheduled for the Congress in Paris (2015).

10.3.1.4. World Association of Medical Editors (WAME):

Upon the recommendation of Prof. Khosrow Adeli and Prof. Mario Plebani, Gabor L. Kovacs, the editor of eJIFCC was accepted as a member of WAME.

Journals have requested to be on the mailing list of Editors. Only one which seems to fit the requirements is the online journal of microbiological research. GK suggested inviting others as observers. KA supported.

Action: GK to let Silvia know.

KA asked about peer review of articles. Usually two reviewers; free submission articles reviewed by two members of editorial board. If sourced articles then reviewed by guest editor and GK. KA concerned of impact on quality of published work and eJIFCC impact factor if we do not peer review papers. GK should not feel pressured by Insoft to publish to schedule.

Action: KA and GK to speak to Bogdan.

10.3.2. IFCC eNews (WG-IFCC eNews) (TP)

10.3.2.1 Membership

There are currently 25 representatives in the working group and 9 of them are national society liaisons.

The current members of the eNewsletter working group are:

Xavier Fuentes-Arderiu (Spain) Thanh Van Ta (Vietnam) Damien Gruson (Belgium) Ana Piana (Uruguay) Joseph B. Lopez (Malaysia) Mabel Charles-Davies (Nigeria) National Societies Liaisons Spiroula Christou (Cyprus) Ann Gronowski (USA) Abderrazek Hedhili (Tunisia) Dai Duy Ban (Vietnam) Rosa Sierra Amor (Mexico) Snezana Jovicic (Serbia) Grazyna Sypniewska (Poland) Anna-Maria Simundic (Serbia) Brguljan Meska Pika (Slovenia) Andrew Wooton (UK) Sylvana Fahel da Fonseca (Brazil) Montserrat Blanes Gonzales (Paraguay) Layachi Chabraoui (Morocco) Nada Majkic-Singh (Serbia) Yadav Binod (Nepal) Sandra Klingberg (Australasia) Tu Ha Hoang (Vietnam) Curtis Oleschuk (Canada) Rajiv Erasmus (South Africa)

The most recent working group meeting took place at the Istanbul Convention Centre at 15h00 on 23 June 2014. The following members attended: Tahir Pillay (chair), Binod Kumar Yadav, Mabel A. Charles-Davies, Rosa Sierra-Amor, Ana Maria Piana, Bernard Gouget, (EFLM News Editor), Damien Gruson, Janine Grant (Web Editor, by invitation)

Apologies were received from: R. Erasmus, J. Lopez

The next working group meeting will take place in Euromediab Paris in June 2015

10.3.2.2 Activity report

- 1. Report back from the CPD executive committee: Since the last WG eNews meeting held in Milan in 2013, a number of changes have taken place in the newsletter. The proposal from Insoft for the revised digital format was adopted and the format of the newsletter was completely revised. This has greatly facilitated the preparation of each edition of the newsletter. The frequency of 6 issues per year has continued. There has also a decision taken to allow paid advertising in the newsletter and this would increase the revenue from the newsletter.
- 2. Format and presentation of the newsletter
- a. There was a discussion of the uniformity of the layout of the newsletter. The last issue contained a number of items which were in a slightly different layout across the newsletter. It was decided that the newsletter should be divided into sections which may remain constant and that the presentation between sections should be kept uniform.
- b. There was a discussion of Spanish articles being presented for the IberoAmerican readers but it was felt that it would be difficult to translate every article but where an interesting article was received in Spanish, it could be published alongside the English version or as a standalone article but this would have to be on an adhoc basis and would be determined by the importance of the article.
- c. Content: The newsletter should provide regular updates of the structure and strategy of the IFCC. Working groups and divisions should provide regular reports on a rotational basis for publication in the newsletter. The editor will solicit these from all of the IFCC sections. This would include the

Young Scientist's forum and the chair of this forum would also be involved in this process. d. Issue of Book reviews: Members felt that this would be a worthy addition to the newsletter, even if it was traditionally the domain of journals.

- 3. **AFCC:** It appears that many members, especially in the AFCC part of the IFCC, were not aware of when the newsletter was published and released. Notification of the release of the newsletter is sent out to regional representatives and to other individuals who have subscribed to the mailing list. Subscription to the mailing list can be initiated through the appropriate portal on the IFCC website.
- 4. Corporate opinion should also be sought for the working group.

Action: Bruce Jordan is currently the corporate representative and will be invited to join the next meeting of the WG eNews.

5. There was a discussion of whether companies should be profiled. This is a delicate area as many corporate members either advertise or are profiled when they become corporate members.

TP has now completed 22 months of his first term as editor of the IFCC eNews. Thus far there have been 11 issues of the eNews published. We have continued to publish bi-monthly and there is a steady collection of news items, so much so that nowadays some substantial editing is required to reduce the size of the "flipbook" format.-5 issues have appeared so far. The relationship with Insoft is continuing to work very well and there is a very good collaboration between the IFCC office, TP and Insoft. The August issue focussed on the WorldLab meeting in Istanbul and featured a round-up by Graham Beastall, IFCC President.

We have continued to offer the traditional HTML and PDF versions of the newsletter so that readers with low bandwidth can still access the newsletter. Requests for news items are sent out regularly to societies to adhere to the publication deadlines ensuring a steady stream of articles. The reminders go to all eNewsletter WG members, National Societies liaisons and National Representatives (through the IFCC Office). In the 5 issues of 2014, an excellent variety of news items has been featured. TP believes the new format has encouraged people to submit news items. A regular and popular feature of the newsletter is still the IFCC Young Scientists task force and the PSEP reports from awardees, as well as the IFCC Travel Scholarships to attend Worldlab. This has helped to highlight the contribution of the IFCC to international clinical chemistry across the world.

Latest issue was 42 pages which was too long. KA suggested moving to monthly. TP felt this may be too often. TP suggested banking articles for the next issue. May be months where this is a valid option.

Action: EC decided that name and logo should change to IFCC eNews and also change the banner by removing the yellow colour and making it less 'busy'.

10.3.4. Ibero-American Nomenclature and Translation (WG-IANT) (MCP)

10.3.4.1 Membership

10.3.4.2 Activity Report (e-mail)

No report received however MCP has been in e-mail contact with KA and SC

10.3.4.2.1 RIA Web page

EJ felt we should give WG-IANT access to articles and right to translate into Spanish (and ? publish on the RIA web pages).

Action: KA to check with MCP re RIA webpages which have not been updated since January 2013.

10.3.4.2.2 Diagnostico in vitro

10.3.4.2.3 Ibero-American Radio

Hernan has written an article and has asked for help in where to publish. KA to seek advice from GK and TP. Hernan is asking for continued funding of the radio but is asking for significant financial support from IFCC.

Action: KA to discuss with EB.

10.6. Publications

10.6.1. Documents of Committees and Working Groups

The database (available on the website) continues to be updated as publications are forthcoming. New Publications for 2014 include:

- 1. IFCC educational materials on selected analytical and clinical applications of high sensitivity cardiac troponin assays. Apple FS, Jaffe AS, Collinson P, Mockel M, Ordonez-Llanos J, Lindahl B, Hollander J, Plebani M, Than M, Chan MH; on behalf of the International Federation of Clinical Chemistry (IFCC) Task Force on Clinical Applications of Cardiac Bio-Markers. 10.6.2. Monographs

There have been no new Monographs produced in 2014

10.6.3. Books

10.6.3.1Silver Book

Silver Book V2 is finalised and currently out for public review.

Action: PV will seek an update from Robert Flatman. KA to request update from EB.

10.6.4. Conference proceedings

There is no new conference proceedings published in 2014.

10.6.5. Annual report

The 2014 Annual Report will be published by the IFCC Office in early 2015.

10.6.6. Handbook

The 2015-2017 version of the Handbook is currently being developed by the IFCC Office and will be available on both a USB stick and the website.

10.6.8. Views and Reviews

None to report.

10.6.10. Electronic Publications

IFCC Office continues to seek electronic publications of IFCC documents for inclusion in database.

10.6.20. Other Publications

None to report.

10.7. Web Site (PV)

10.7.1 Organizational matters

Website Editor activity report

Key website development and maintenance activities in the 4 months since the last CPD-EC meeting have been as follows:

July 145 news items published

Twitter button added to home page.

Positions of Key Partners and Top Partners swapped so that IFCC Media sits at the top.

"Index by subject" link moved to the top of the page to allow a "Resources and Downloads" button to be more prominent. This is a linking point to various resource pages which actually live in their appropriate division and should make it easier for visitors to find useful resources without having to know which division and TF etc it falls under.

August 14 2 news items published

"Subscribe" button added to home page to take visitors to mailing list subscription page.

Icons for brochures added to CPD-PR resources page

Sept 14 5 news items published

TFYS web pages consolidated, reorganised and updated Spanish version of Lab Med Slide Set added

Oct 14 3 news items published

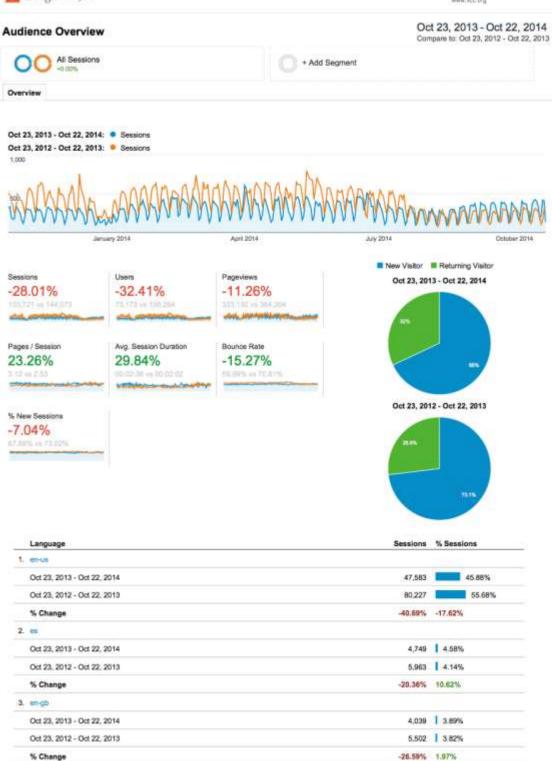

Calendar re-organisation: We are working with InSoft to improve usability of the IFCC calendar as currently it is only used to display the three meetings on the home page. The list of meetings at http://www.ifcc.org/ifcc-congresses-and-conferences/ is manually maintained. The planned changes will allow entered events to display as per the following mock up http://customers.insoft.dk/ifcc/ifcc-calevents-tabs.html InSoft have also suggested a download feature for major calendar clients (outlook, iCal, google etc) which would enhance the page.

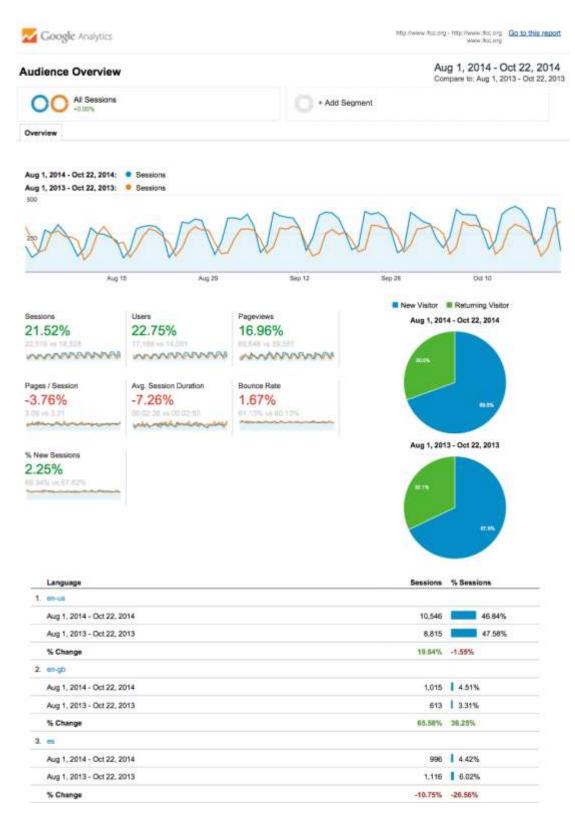

Web traffic:

- As noted in Istanbul total sessions over the past 12 months appear down ~28% on the previous 12 month period – this may, however, result from a change in recording algorithms used by Google Analytics.
- Sessions are up by ~21% from Aug-Oct 2014 compared to same period in 2013.
- Demographic details of visitors remain fairly consistent.
- Pages/session and av session durations have increased.

KA to present data to EB.

Action: KA to request data on downloads of eNews and eJIFCC from Insoft and include in agreement.

10.7.2. Bookstore

No update on this item.

10.7.3 e-Banners

Nothing to report.

10.7.4. Databases

No update on the 'Register of Experts' database or when will this be released to all members?

Action: KA to ask EB (Sergio) what the status is for this database.

C-NPU with the Danish Ministry of Health have requested a website. GB has been negotiating with Insoft. Will be operated under C-NPU auspices.

C-AQ and TF-PT have requested a PT database. PV will seek advice from Insoft.

Action: KA to raise at EB meeting. PV to provide summary to KA.

10.7.5 Distance Learning Programs and eAcademy

The distance learning pages of the website continue to develop and we are now able to offer access to a significant amount of content which has been reviewed by the C-DL. Jointly the C-IeL and C-DL will continue to work on the development of the eAcademy with the aim of releasing Stage 1 of the eAcademy at the EuroMedLab meeting in Paris.

10.8. Related Journals (KA)

10.8.1. Meetings of Editors

Productive meeting held in Istanbul. Minutes now available. KA to request a larger meeting room for the next meeting in Paris. Major recommendation was Guideline document which has been prepared by TP. GK concerned that material has come from a number of different sources and thus needs to be referenced. Still in draft form and needs to be edited. GK's document should also be included. Should also discuss with EB the need for some form of insurance of authors. KA would also like a section on peer review and ethics. To be published on the IFCC website somewhere as a resource. To be edited by GK and KA and AN. Should also be vetted by the TF-E.

Action: Guideline edited by May for presentation at the editors meeting in Paris.

10.8.2. Journals

10.8.2.1. Clinical Chemistry and Laboratory Medicine (CCLM)

Probably doesn't need to be on the agenda.

10.8.2.2. Clinica Chimica Acta (CCA)

10.8.2.3. Labmedica International (LMI)

TP reported we have continued to supply Arda Turac at LabMedica International (LMI) with a regular supply of newsletters-all the newsletter information is sent to LMI and selected articles are printed from the original newsletter. As always, the layout has been excellent. Following TPs visit to the Labmedica booth at the AACC meeting in Chicago, TP was invited by Marc Gueron to join the editorial board of LabMedica. Other members include Jocelyn Hicks, Gerard Siest, Christopher Price, Bernard Gouget, Claus Christensen, Rosa Sierra-Amor and Andreas Rothstein. Membership in the board carries no obligation, but facilitates communication or input regarding various aspects of the publication's and website's editorial content. LabMedica is also starting a series of viewpoint columns where, a few times a year areas of significance can be addressed.

10.9. Public Relations

10.9.1. PR Brochures

Brochures and PowerPoint Presentations

ED has sent every member and advisor the brochures "Understanding Laboratory Medicine" and the IFCC Brochure, as well as the "Laboratory Medicine" slide kit for their comments and editing. Following their comments and those raised at the C-PR Meeting in Istanbul, the 2 brochures and the PowerPoint presentations have been edited. They are tables for discussion during the Adelaide Meeting. The part on the history of IFCC has been edited to closer reflect, to ED's understanding, the events that have led to the today IFCC. It is included in the slide presentation "The International Federation of Clinical Chemistry and Laboratory Medicine" The Silver Book should be looked at in this respect.

IFCC Public Relations Brochure

The requests for translation of the 2015-2017 IFCC brochure will be initiated once the new version is accepted by the CPD-EC.

10.9.4. Publicity

IFCC Young Scientist TF

There has been no development in this sector. ED met with Damien's successor during the meeting in Istanbul. ED will get back to him to obtain recent information on the TF.

Worldwide visibility of IFCC

ED has spoken to and later written to both Ian Young and Maurizio Ferrari to obtain their collaboration in increasing IFCC Committees, WG and task forces worldwide visibility. The idea is to produce brochures, PowerPoint presentations and other form of documents that could be posted on the web and/or be the subject of blogs. So far he has not received feedback. They could also be proposed to National Societies & Regional Federations that could use them for presentation to local professional associations & decision makers.

ED has proposed that C-PR Committee Members be assigned to liaise with National Societies or Associations that are within their broad geographical region and/or linguistic realm to make known the activities and services of IFCC. This is taking place in Canada, Curtis Oleschuk being the liaison with CSCC.

10.9.5. Miscellaneous PR Projects

Taskforce on the Impact of Laboratory Medicine on Clinical Management and Outcomes (TF-ICO). ED has contacted Mike Hallworth to inquire on the progress of the article on the impact of clinical laboratory on patient care and on cost/benefits stemming from the research that the group had performed. He told ED that the paper had been submitted to Clinical Chemistry and was waiting for the response. Based on the text, ED has prepared a 1st draft of a PowerPoint presentation that he has sent Mike for his comments and completion. He has agreed to complete the slide kit and agreed that it could be later translated.

Proposal of policies for advertising on IFCC communication tools

Advertising rates for eNews have been published.

10.10. Corporate Member Activities (BJ)

BJ has been supporting the work of the IFCC

- Hosting the IFCC CPD in Rotkreuz March 2014 & and IFCC presenting at a Lunch & Learn
- Supporting IFCC CPD meeting logistics at F2F in Adelaide
- Supporting the eJIFCC with an article for Vol 4 2014
- Supporting the IFCC Specialized Conference on Biomarkers in Alzheimer Disease (Rome, November 2014)

KA would like any news from Corporate members meeting to be published in IFCC media. Next meeting at EuroMedLab. GB keen to expand corporate members but need to have something to offer. BJ to follow up with Sergio encouraging him to publish proceedings in eJIFCC.

10.19. Meetings & Symposia (KA)
